

Health New Zealand – Planned Care Outsourcing Contact list (Public)

Purpose

- Communication between Health New Zealand and the Private Hospitals is a critical enabler to good patient care and efficient business processes.
- Local and direct relationships are always preferred; however, where not in place, please use this document for high-level contacts.
- The purpose of the communication should guide who is contacted.
- A key member from each District and region is provided and can act as a conduit to the best contact.
